

# GreenSpace<sup>™</sup>

## NextGen Participant Engagement Platform

### Optimizing The Participant Experience

Keeping participants engaged remains a key hurdle to clinical trial success. In fact, **80%** of delays in trial timelines are due to deficient recruitment and retention.

The **GreenSpace** platform offers participants a centralized access point to trial-related financial views and actions as well as visit and logistics details - keeping them engaged and informed throughout the life of the clinical trial.

**95%** of sponsors and CROs say R&R is positively impacted by patient engagement technology

### Core Features

#### Reimbursement Request

Empowers participants to take a picture of their receipt and upload for reimbursement

#### Financial Views

ClinCard integration offers real-time access to account balance and financial details

#### Visit and Travel Details

Ensures successful and timely visits with participant views into visit prep and travel itineraries

#### Support Access

Provides participants with intuitive 'click-to-connect' access to support for questions and requests

## Key Benefits

### Centralized Access for Study Participants

Flexible availability via iOS, Android and web for trial-related resources

### Streamlined Operations for Site Staff

Intuitive administration removes site burden, so they can focus on patient care

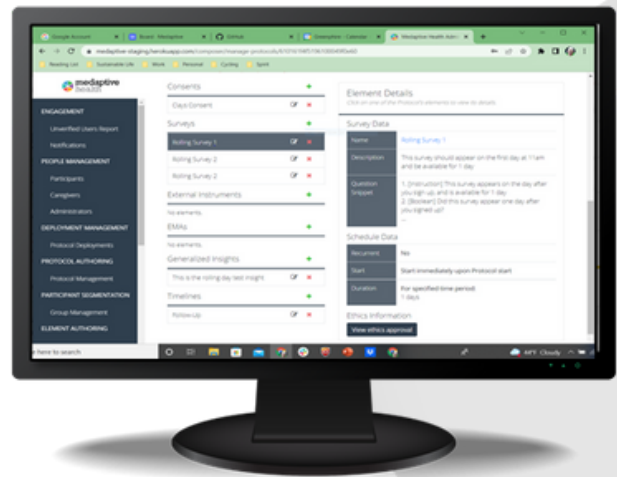

### Improved Outcomes for Sponsors & CROs

Consolidated patient experience reduces hurdles to participation, aids in diversity and increases transparency

## You Can Trust Greenphire

As a global leader in participant convenience solutions for over 15 years, Greenphire has maintained a commitment to modernizing and seamlessly integrating each step in the participant journey, having supported:

- **4+ million participants**
